SLIMETIME'S (1) - the row of terraced snop

at the Limehouse junction have been demolished after being squatted for a decade by different or two. Previous occupants ran it as venue 'Anatum's Abode' The site now awaits **FKN LUXURY FLATS** as the area undergoes ongoing gentrification.

twice as more as a matter of fact a lot of fascist scum flooded in the city center, DFLA. A "protest against returning jihadists", and there it was, Freedom of Speech crying blood. Every single lime that one of them talks, it cries blood, it feels PAIN. However a counter-protest held by numerous group of activist and no, or should we call them human beings with a conscious, manage to stop their march, and fuck them off in the meantime. The enforcers of the law made themselves the clitoris of the fight, being in the middle and taking pleasure in being rubbed between the two part, avoiding to let escalate the protest into a riot.

The counter protest ended up in waterloo bridge, we can just hope that the people who were watching went home with a shadow doubt. The stink dissipated for most, but I can still smell t. FUCIK THE DILA - Far right extremist: please put yours head back in your ass.
13 october 2018, the sun shines over London, but with all this heat the shit that sits around stinks

mes the squatters & not allow the And to top it off the pigs threatened to arrest the paper between them. having a single piece of side despite them not they took they bailiffs When the cops turned up people from madhouse squat, dragge to take their stuff. punched and beat them. thugs broke into the eviction in a month, their beds. patir
